

Birthday Policy

JFK will be continuing and reinforcing the policies in place in our two lower buildings. Out of respect for each family's food preferences and to maintain a safe environment for our students with food allergies, birthday celebrations will NOT include food/snacks or goodie bags of any kind. Instead, a child's birthday will be a true celebration of who he/she is as a special person within our school community. You will receive more information during our Back to School Open House where each teacher will share the specifics of their own classroom with you.
