Summer Internships

- **BQLI-AHEC Summer Health Internship Program**

Link: <http://bqliahec.wpengine.com/summer-health-internship-program-ship/>

The Brooklyn-Queens-Long Island Area Health Education Center (BQLI-AHEC) Summer Health Internship Program (SHIP) is a six-week opportunity for underrepresented and/or economically disadvantaged high school and college students. This program exposes students to a variety of careers in the health field as well as various health issues affecting their communities.

The Summer Health Internship Program (SHIP) runs from . For six weeks, selected participants are committed to work at their designated clinic or hospital for three days (3) a week from 9:30 AM to 3:30 PM. In addition, there will be a mandatory workshop once a week.

The workshops will encompass a full and will include: health related lectures, job readiness skills, field trips, and other health related activities. Selected participants are also required to take part of a team collaborated health themed project. At the end of the program, the participants will be required to attend a mandatory closing ceremony, and present his/her final project.

Program Dates: Monday, July 8th through Friday, August 16th, 2019

Application Deadline is Sunday, March 31, 2019 at 11:30 PM (EST).

Note: Long Island students need to send all documents by January 15th, 2019.

- **Changing the Present Summer Internship**

Link: <https://changingthepresent.org/pages/interns-volunteers>

Americans spend \$450 billion a year on birthday, holiday, and other presents. It is no surprise that a growing number of people, who seek meaning more than “stuff,” are starting to show their love by donating in a friend’s name in lieu of giving traditional presents. However, it is simply too daunting to provide the requisite gift-like experience (tangible charitable gifts, wish lists and registries, and personalized printed greeting cards) that can make a donation feel like a rewarding gift.

ChangingThePresent.org provides those tools to this type of giving for nonprofits and donors. We are about to take it to the next level. That involves expanding from the initial 400 organizations to invite all 1.1 million nonprofits; adding additional causes and categories.

Deadline: Internships are available on a year-round basis

Send Resume & Cover Letter to: join@changingthepresent.org and let them know what you would like to focus on and when you would like to work

- **The Long Island Aquarium Summer HS Internship**

Link: <http://www.longislandaquarium.com/aquarium-info/get-involved/high-school-internship/>

Long Island Aquarium (LIA) offers internship opportunities with the Aquarium's education department. The mission of the high school internship program is to expose the student to various aspects of marine science through the perspective of the marine educator. Individual research and observation is encouraged in order to convey informed background information on the Aquarium's creatures and their native habitats. Interns are teamed up with an education staff member who will act as a mentor throughout the internship experience. Aside from showing the intern the ins and outs of education at LIA, mentors provide personal experience on the pursuit of a career in marine science and promote a sense of direction in this varied and widening field. Interns will choose a day of the week where they are able to commit at least six hours on a regular basis. Weekend hours are available. LIA is open year-round except for Christmas Day. Transportation is the responsibility of the intern. Interns will be introduced to their mentor on the first day of their internship. Internships last a minimum of 120 hours or follow the school's requirements if different from LIA. All LIA internships are unpaid. Past projects completed by high school interns include an educational display about coral reefs, a scavenger hunt for high school visitors, toddler and pre-k lessons about sea turtles and seahorses, and observing seals and otters to gather data on their swimming patterns in their exhibit. Students interested in applying for the program should send the following materials: a brief resume with contact information including any work, volunteer experience, and school activities, a brief letter of interest explaining why they would like to intern at LIA, and a letter of recommendation from a teacher, guidance counselor, school administrator, or an adult other than a parent, guardian, or relative.

Deadline: Fall semester-August 1st, Spring Semester-November 15th, Summer- April 15th

Summer Enrichment/Pre-College Programs

- **Adelphi University- Pre-College Summer Programs *3 Potential College Credits***
Link: precollege.adelphi.edu

Adelphi University's Summer Pre-College program is an exciting way to gain an unforgettable college experience as a high school student!

Open to students entering either their sophomore, junior or senior year of high school, Adelphi's Pre-College experience brings together students from all over the world to live, learn and explore all that our University has to offer. Here, students will attend a college-level class each day, live in our new, air-conditioned residence halls, and eat in our fantastic dining hall! Adelphi's beautiful and safe Garden City campus is just minutes from renowned beaches and parks, and just 23 miles from New York City, the world's premiere city for art, culture and entertainment.

Through this college-level program, high school students will explore an academic area of interest in a challenging and supportive University-based learning community. The Pre-College Program offers a variety of different course topics from which students can choose and all Pre-College classes are taught by Adelphi's nationally recognized faculty. Looking to earn college credit? Our for-credit class options provide students with the opportunity to earn 3 transferable college credits which can be applied toward future degrees. We also offer non-credit program options for those students who wish to gain a unique college experience.

While living on campus, students will receive personalized attention from our professional and caring group of instructors, advisers and support staff. Daily trips and excursions round out this once in a lifetime summer experience!

Dates: July 18- Aug 3 (Varies by program)

Deadline: Rolling Basis until full enrolled

- **Boston University Pre-College Summer Programs**

Link: www.bu.edu/summer/highschool

This summer, prepare for your future in college with exciting and challenging summer programs for high school students at Boston University Summer Term. With five programs to choose from, you can earn college credit, discover a new subject area, perform cutting-edge research in university labs, or immerse yourself in hands-on learning. You will have the opportunity to push yourself academically while experiencing college life, making friends with fellow students, and engaging in social activities around Boston and on campus.

BU Summer Term offers one-, two-, three-, and six-week programs for high school students, with options to live on campus, commute from home, or study online. We invite you to join other motivated teens from 50 states and 87 countries to experience this great introduction to college life and academics.

Program Dates: June 16-August 12 (depending on the program and session)

Location: Boston, MA

Application Deadline: Deadlines Vary on a rolling basis 2 weeks before your chosen program start date

- **Bryant University- Accounting Careers Leadership Institute**

Link: bryant.edu/pwcacli

The PricewaterhouseCoopers Accounting Careers Leadership Institute is a week-long, hands-on opportunity for Latino/a and African American or Black high school juniors (rising seniors) to learn more about the accounting profession and about the key role accountants play in society. Throughout the program, students work directly with Bryant University faculty, staff, and students, as well as professionals from PricewaterhouseCoopers (PwC), the largest professional services firm in the world.

Program participants are immersed in an exciting educational environment, living on Bryant's campus for a week and learning through interaction with accounting professionals, by examining case studies, and through role play.

Students accepted into the program not only learn about their potential in the accounting profession, they will also begin to appreciate the unique skills and contributions of all people within an organization.

Program Dates: June 23-28, 2019.

Deadline: March 29, 2019

Qualification: To apply students must be college-bound African American or Latino/High School juniors (Rising Seniors) who have a SPA of 3.0 or higher. Students must have also completed Algebra II by the end of the junior year.

- **Carleton Summer Academic Programs**

Link: go.carleton.edu/summer

Carleton College's Summer Academic Programs Office works with high school students, high school teachers, and conference and retreat guests each summer to ensure that they have an enriching and memorable experience while on campus.

We offer six three-week long pre-college programs in topics such as science, computer science, writing, humanities, quantitative reasoning, and language and global issues where rising juniors and seniors live and learn in a welcoming community of peers.

The Summer Teaching Institute provides high school AP® teachers the opportunity to work on their own professional development as well as work collaboratively with other teachers from around the country and world. Conference and retreat guests can gather amid the beauty of Carleton's 880-acre arboretum, Japanese Garden, and the many historic academic buildings.

Program Deadline February 15, March 22, Varies by program)

Program Dates: July 7- August 2 (Dates vary by program)

Qualifications: Applicants must be college-bound high school students who are current sophomores.

- **Carnegie Mellon Summer Pre-College Programs**

Link: admission.enrollment.cmu.edu/pages/pre-college

Are you going to be a junior or senior in high school? If so, consider spending the summer in one of our distinct summer Pre-College programs such as :

- Advanced Placement/Early Admission (AP/EA)

Our summer Pre-College programs will show you what life at Carnegie Mellon is all about - from the classroom to what's happening on weekends. You'll meet people from all over the world, be inspired by our world-renowned faculty, take part in the excitement of campus and have the opportunity to explore the city of Pittsburgh.

- **FIDM Summer Program**

Link: fidm.edu/go/summerprogram

Test drive what it's like to be a student at FIDM

Learn both practical and creative skills while you explore and define your goals for a successful career in the creative industries during our 9-day immersive program featuring:

- College-level workshops
- Relevant and inspiring field trips

- Exclusive networking contacts
- Access to the FIDM Library, Museum, and Study Collections

Join us at the intersection of art, culture, creativity, and commerce in Downtown Los Angeles, the hub of the world's luxury and fashion brands, and get started on your future.

Program Dates: July 1st-12th

Location: FIDM Los Angeles, CA

Application Deadline: May 2019

- **Fordham University: Pre-College Summer Session**
https://www.fordham.edu/info/20187/pre-college_courses

The Pre-College Program allows you to enroll in one of several exciting college courses and gain experience at a top-ranked research university in the summer before your senior year.

- Earn college credit. Unlike other programs hosted for high school students on college campuses, courses offered to Fordham Pre-College students are part of the regular summer curriculum. That means you will complete college-level coursework and earn credits while sharing the classroom with current undergraduates and Fordham faculty.
- Make valuable connections with students, professors, and administrators. Spend time on a college campus and make more informed decisions about your future.
- Strengthen your college application with a proven record of your abilities.

Program Dates: July 2 - August 6, 2019

Locations: (2) two New York campuses: Rose Hill in the Bronx or Lincoln Center in Manhattan

Application Deadline: June 12

Qualifications: Rising seniors with a cumulative G.P.A. of 3.0 (B) or better.

Mature high school sophomores (entering your junior year) who have an exceptional record of academic performance may apply for special consideration.

- **George Washington University, The Pre-College Program**
Link: www.precollege.gwu.edu

High school students in the Pre-College Program spend a summer in Washington, D.C., taking advantage of GW's expertise in global development, international relations, public policy and administration, politics, diplomacy, history, biomedical engineering, museum studies and the arts.

Top-tier faculty guide, inspire and empower students through immersive programs that connect academic experience with real-world practice.

Our summer programs are intensive and exciting, allowing students to experience the academic rigors of learning in a college environment. They are academically-challenging courses that integrate lectures and seminars with exploration of area organizations.

Pre-College also offers a transformative introduction to college life. Students develop confidence in their ability to become part of a new community, participating in recreational and social activities while making friends with peers from around the world.

Location: Washington D.C.

Application Deadline: May 15 (March 1 for Scholarship Consideration)

- **Hofstra University Pre-collegiate Career Discovery Institute**
Link:ce.hofstra.edu/precollege

At Hofstra University Pre-collegiate Career Discovery Institute, middle school and high school students get a taste of college life and gain valuable knowledge and skills while meeting others who share their interests and abilities.

Allow your child to make the most of the summer months -- while having fun! -- with a program that sets them apart from their peers when submitting college applications. The Pre-collegiate Career Discovery Institute has something for every child -- from aspiring entrepreneurs to future lawyers, chefs and business leaders.

Registration Deadline: Rolling Registration until full

Program Dates: July-mid August (Varies by program)
See website for specific program dates)

- **Ithaca Summer College**
Link: ithaca.edu/summercollege/app

Welcome to Summer College!

In Ithaca College's residential pre-college summer program, high school students experience college life and college-level courses while living in a safe environment.

The Summer College for High School Students has two program offerings, each with courses designed and reserved expressly for pre-college students.

Students love their classes, stay up late, and enjoy trips, picnics, movies, concerts, talent shows, and other events both planned and spontaneous. Most importantly, our summer college alumni report they were better prepared for a successful transition to college. And many students appreciate the opportunity to earn college credit in their academic courses.

Credits earned during the three-week summer college program are accepted at Ithaca College and normally transferable to other colleges. Students who attend the one-week session earn a certificate of completion.

We hope you'll be able to join us for a one-week or three-week session (or both!) this summer and become part of our summer college community.

Program Dates: ONE WEEK SESSION: June 23 - 28, 2019 **THREE WEEK SESSION:** June 30 - July 19, 2019

Application Deadline: May 15th

- **LIU Summer Honors Institute**

Link: Liu.edu/honors

This summer, rising high school seniors can pursue their passion and get a taste of college life at one of LIU's residential campuses in New York. The Summer Honors Institute @ LIU's one-week intensives will give you the chance to immerse yourself in different fields of study. You'll work closely with distinguished faculty mentors and gain invaluable experience through hands-on projects and field trips. All accepted students receive free tuition and housing. Students may choose to attend LIU Summer Honors Institute at LIU Post on the North Shore of Long Island, or LIU Brooklyn in Downtown Brooklyn.

Deadline: See website for program deadlines

Program Dates: see website for details

- **Marist College Summer Pre-College Program**

Link: www.marist.edu/precollege

Earn college credit and get a taste of campus life while still in high school. Experience the excitement of college life at one of the "Best 384 Colleges and Universities" and "50 Schools That Launch Careers By Going Beyond the Classroom".

- Become more independent and experience what it will be like to live on a college campus and away from home
- Living in dorms, eating in the cafeteria, and studying in the state-of-the-art academic facilities
- You'll have several class sessions mixed with time to study, local excursions, day-long field trips, and recreation

The Pre-College Program offers many engaging activities beyond the classroom to ensure you make the most out of your two weeks on campus. You will have opportunities to engage with faculty, visit New York City socialize with fellow high school students, and explore the Hudson Valley.

Program Dates: Session 1: July 1-July 12 Session 2: July 15- July 26

Location: Poughkeepsie, NY or Florence, Italy

Application Deadline: Acceptance into the Summer Pre-College Program is based on a rolling, space-available basis. We are currently accepting applications for all of our programs, so apply today!

- **Mercy College's Leading for Change Summer Institute, 2019**

Link: <https://www.mercy.edu/newsroom/summer-leadership-academy-inspires-future-business-leaders>

The Leading for Change Summer Institute at Mercy College is geared towards students who have a passion for advocacy, education, and learning and have demonstrated social justice and leadership skills in their high school. Students will learn professional, social justice and leadership lessons from a diverse group of speakers, leaders, teachers and faculty. They will participate in unique team-building activities, workshops and educational field trips. There is no charge for tuition and students stay in the dorm for free. Students simply need to provide their own transportation to and from campus, as well as a check in the amount of \$300 for food.

Program Dates: July 7th-July 13th

Location: Westchester campus on the Hudson River in Dobbs Ferry, NY

Application Deadline: Priority deadline, February 1st

- **The College of New Jersey Summer Robotics Program**

Link: <http://precollege.tcnj.edu/>

Rising high school juniors and seniors are invited to apply for an intensive summer Robotics Camp offered by the Department of Electrical and Computer Engineering at The College of New Jersey (TCNJ), and sponsored by the Institute of Electrical and Electronics Engineers (IEEE) and the Association for Computing Machinery (ACM).

The intent of the camp is to motivate the most creative minds of a new generation of prospective Electrical and Computer Engineers to become global leaders in an increasingly technological world. The program aims to create a community of students who participate in and contribute to an intensive and powerful academic experience delivered by distinguished educators and professionals.

Program Dates: July 30-August 17

Deadline: Varies by program Summer Service Scholars Pre-College Program May 20 (Summer Academy Series) June 3

- **New York State Summer School of the Arts**

Link: www.oce.nysed.gov/nysssa

The four week, pre-professional summer curriculum includes individual and group instruction designed to help each student explore and develop their talents in ballet, choral studies, modern dance, visual arts, media arts, orchestral studies, or theatre. Students live in a college dorm and take classes from performing and visual artists for 6-12 hours a day, six days a week in their area of concentration. NYSSSA's goal is clear: to provide intensive, pre-professional training programs for New York State's most gifted and motivated young artists and those who are considering careers in the arts or entertainment industries. A student's time at NYSSSA could be life changing!

Program Dates: Vary by Program, see website for details

Deadline: Vary by program, see website for details

Application deadline: May 19-Session 1, June 22- Session 2

- **Smith College Summer Science Program (for women only)**

Link: <http://www.smith.edu/summerprograms/ssep/>

Now in its 30th year, the Smith Summer Science and Engineering Program (SSEP) is a four-week residential program for exceptional young women with strong interests in science, engineering and medicine. Each July, select high school students from across the country and abroad come to Smith College to do hands-on research with Smith faculty in the life and physical sciences and in engineering. This program is offered to students entering grades 9- 12.

Program Dates: July 7-August 3

Location: Northampton, MA

Application deadline: After March 1, admission outcomes are determined on a rolling basis.

- **Stanford University Pre-Collegiate Summer Studies**

Link: precollegiate.stanford.edu

Stanford Pre-Collegiate Summer Institutes provides a taste of the Stanford classroom experience and challenges students with advanced content that is not typically found in the high-school curriculum. Our courses develop critical-thinking and problem-solving skills, expose students to current research directions, and offer a challenging and rewarding academic experience in an environment with others who share a passion for learning.

Program Dates: Various, see website for full details

Deadline: Rolling until full

Immerse yourself in a dynamic, creative environment with other students who are passionate about art and design. This summer, build and develop your creative and artistic skills while exploring a specific medium or aspect of art and design. This intensive, four-week, pre-college program is for individuals 15 and older who wish to study at one of the top art and design colleges in the country. Serious young artists seeking to strengthen and enhance their art and design skills, as well as students with limited art training, are invited to participate. We are still working on our 2019 Summer of Art brochure. Once it is ready it will be posted on the website.

Dates: July 1-July 26

Location: Los Angeles, CA

Application Deadline: Registration is now open. Enroll by April 27 and receive a discount.

- **SUNY Stony Brook- Oceanography at Stony Brook South Hampton *3 potential college credits***

Link: stonybrook.edu/sea-hs

Students will examine the World Ocean and the chemical, geological, and physical processes that control its major features and the life that inhabits it, as well as explore human interactions with the marine environment. This intensive course is specifically designed for motivated high school students wishing to earn college credit, but current undergraduates, graduates, or professionals can also enroll. The short-term course will run for 2 weeks and meet for 4-5 hours each weekday at the Stony Brook Southampton campus. Content will be delivered via lectures, in-class activities, and 2 boat trips in which students will explore nearby coastal habitats using oceanographic sampling equipment. Students must have completed high school biology and be at least 16 years old.

Dates: July 9-22

Location: Stony Brook South Hampton Campus

Enrollment Begins: April 2

- **Wagner College – Summer Pre-College Program for H.S. Students**

Link: www.wagner.edu/pre-college

As a Pre-College student, you will experience college-level academics in a small class setting while exploring new subjects. Our instructors are all experts in their fields and are fully committed to sharing their expertise, passion, and experience with all students. Ranging from one-week intensives to three-week programs, each course will help you get a jump on your college education by earning up to 6 credits. The pre-college program is designed to challenge your critical thinking and problem solving skills, both in the classroom and during exciting field trips. Rather than focusing on one subject, each academic program track is paired with a course in a different discipline. **Program Dates:** Vary by program, see website for details

Location: Staten Island, NY
