

# DEER PARK SUMMER CAMPS 2013

*The Deer Park Athletic Department in conjunction with the Deer Park Booster Club will once again be offering a number of sports camps to our community members this summer. All of our camps will be directed by the varsity coaches from each individual sport assisted by other coaches and players from their respective programs. Please note that all staff directing the camps are acting independently, not in their school district roles, and do not represent the school district in any capacity during the summer sports camps.*

**The chart below contains information on the camps that will be available this summer. Please click on the website below for additional information and to print a copy of each camp's brochure/registration form.**
